

THRU : Chief, Planning and Review Staff, ORR
Chief, Industrial Division, ORR
Chief, Producers' Equipment Branch, ORR

10 December 1953

Biographic Requirements

REFERENCE: St/PR Memo of 10 October 1953

The Producers' Equipment Branch is submitting the following biographic data requirements in response to St/PR's request:

1. Economic Activity

Priority 1.

Pumps and compressors
Locomotives and rolling stock

Priority 2.

Metalworking machine tools
Metalforming equipment
Electrical equipment
Automotive vehicles
Diesel engines
Metallurgical equipment
Chemical equipment
Tractors
Turbines

Priority 3.

Agricultural machinery
Construction and roadbuilding machinery
Mining machinery
Oil field equipment
Precision instruments

2. Country Priorities

In this list, the USSR has first priority, the next five countries have approximately equal priority, and the last two have the lowest priority.

USSR
Czechoslovakia
East Germany
China
Poland
Hungary
Rumania
Bulgaria

3. Personalities (in order of priority)

All the positions listed below (except a and b) refer to the plants responsible for the production of the commodities listed above.

a. Officials of the heavy industry and the machine building sectors of Gosplan USSR and the union republics and of the KPSR.

b. Members of the sovmarkhs responsible for the administration of production facilities at the local level (usually the chief of the machine building administration of the sovmarkhs).

c. Plant officials

Plant directors
Chief engineers
Deputy plant directors
Chief designers
Chief technologist
Chief of production
Ship superintendents

d. Officials of scientific research institutes of the machine building industry; i.e., ENIS, TsNITMASH, TsBIM, VNIISTROYDORMASH, NTOMashprom, VNIIPMASH, TsNIDI, TsNII-MPS).

The Producers' Equipment Branch is presently engaged in a project entitled, "Soviet Personalities Involved in Atomic Energy Compressor Work." There will be a continuing interest in all Soviet personalities which are connected with the designing, development, production, and use of compressors in the Soviet Union with a particular emphasis on centrifugal and axial flow compressors. Plants of particular interest are:

Chirchik Spetsdzhinmash
Leningrad Nevskiy Machine Building Plant imeni Leni
Moscow Compressor Plant
Kiev Bol'shevik Machine Building Plant

Gor'kiy "Dvigatel' Revolutsii" Plant
Leningrad "Kirov" Machine Building Plant
Leningrad "Metallist" Machine Building Plant
Moscow "Borets" Machine Building Plant
Smy "Frunze" Machine Building Plant
Sverdlovsk "Trakhtormash" Plant

Organizations of particular interest are:

Central Boiler and Turbine Institute (TsKTI)
Central Aero-Hydrodynamic Institute (TsAGI)
Leningrad Polytechnic Institute (LPI)
Central Institute of Aircraft Engine Construction (TsIAM).
